Batteries—McPhee, Brown and Ingalls; Kieley, Gardner and Curmalis.

Grayling High picked off another easy victory at Roscommon Friday, defeating the team that represents that High School by the top-heavy score of 23 to 3.

In every department of the game the Grayling aggregation co-ordinated in fine shape. It secured good pitching. It gave a display of good fielding and when it came to pounding the ball all kinds of hits were shown.

The team was followed by a large crowd of rooters who were mostly high school students and this helped very much in the victory which our boys won.

Next week will be review week in G. H. S. and the week following will be one of examinations.

Mr. Smith was out of town on business the middle of the week.

There was an ice cream sale Tuesday.

A big drive for the Athletic fund is now taking place in G. H. S.

Don't fail to see the "Glass Slipper" to be given Friday evening in the H. S. auditorium.

Eddie Trudeau has returned from New York City where he went on a pleasure trip.

NOTICE—All library books in June 1st.

The Basket Ball team of '22 and '23 had their pictures taken with their loving cup which they secured at the District Tournament.

The Chatter Box.

Miss Fuller—What makes the leaves red in the fall?

H—Blushing to think how green they have been all summer.

He said it was the life.

The speedometer said it was 60 miles.

The constable said it was 90 miles.

The natives said it was a crime;

His friends said it with flowers.

Marcella—Did you have a good sea voyage?

Eddie—Yes, roughly speaking.

Edgar—Of what nationality is your cook?

Boulah—She's Irish, but we have to listen to her broken china.

An examination we might pass—

When was the war of 1812?

From what province of France was Joan of Arc?

Who is the author of McCauley's history of England?

What two countries were participants in the Spanish-American war?

In what season of the year did Washington spend the winter in Valley Forge?

Eleanor—My family came across with William the conqueror.

Bee—He must have been a conqueror to make your family come across with anything.

Teacher—Give me three—strong nouns.

Willard J.—Onions, garlic and lin-burger.

F. S.—You know, last year the doctor told me that if I didn't stop smoking, I'd be feeble-minded.

H. F.—Well, why didn't you stop?

We wonder where Farnham was the night that the B. B. pictures were taken?

The "B" Hive.

B industrious, B active,

B truthful, B kind,

B cheerful, B just and

B even in mind,

B punctual, B patient,

B hopeful, B pure,

B virtuous, B honest,

B liberal, B sure.

Strange Answers.

1. Tell something about Julius Caesar.

Julius Caesar was renowned for his strength. He threw a bridge across the Rhine.

2. Who is Lloyd George?

Lloyd George is the prime minister of England.

3. Describe briefly the government of England.

The Government of England is a limited monarchy.

4. What is a monologue?

An argument with a teacher.

He—What do you do for a living?

She—I'm a dairy maid in a candy kitchen.

He—Dairy maid in a candy kitchen?

What do you do?

She—Milk Chocolates.

GRAYLORD HOSPITAL DAY JUNE 5TH

WILL MAKE DRIVE FOR FUNDS FOR GRAYLING MERCY HOSPITAL.

Grayling Band and Ball Team to Help Entertain. Big Crowd From Grayling Will Attend.

All aboard for Gaylord, next Tuesday, June 5th. It is going to be a big day in our sister city of the north when a drive will be made to raise funds for Grayling Mercy Hospital.

The success of this event will mean much to our hospital. We see that this institution is kept up and if it continues, it must be assured that the annual deficits be supplied from some source. Those communities that receive benefits are the ones to assume this responsibility.

This is the reason for instituting Hospital Day. Grayling had their day—May 12th, and raised nearly \$2,500 for our hospital. Otsego county likewise wishes to assume its share of responsibility and thus has established Tuesday, June 5th, when a drive will be made wherein the people of Grayling and other Otsego county communities will have an opportunity to contribute.

In order that everyone may have a chance to give, this day is set aside and there will be music, a base ball game between Grayling and Onaway in the afternoon, and a dance in the evening. The proceeds from these will be turned over to Mercy Hospital.

Besides there will be refreshments, luncheon, and other opportunities for people to spend their money. They in return will receive their money's worth in the way of entertainment and otherwise. Personal contributions will also be accepted.

Otsego county as well as Crawford county derives a lot of benefit from Mercy Hospital. Hundreds of patients from that county have been treated here and no doubt many lives have been saved that may have been lost had it been necessary to take them to some hospital at a greater distance away. This is appreciated and the benefits cannot be computed. It is good life insurance to have a first class hospital so near. The people of Grayling appreciate this just as well as we do here in Grayling.

Everybody Invited to Gaylord.

The citizens of Gaylord recognize this opportunity for doing something for Mercy Hospital, and are going to make this day a real hummer. They want Grayling people to be with them and help to celebrate the event. All are invited. So plan on being there. If you haven't a car of your own, hop a ride with someone who has. Go anyway, if it is possible to do so. The program begins in Gaylord at noon, and lasts as long as anyone cares to remain. So, all aboard for Gaylord Tuesday, June 5.

FREDERIC CLASS GRADUATES.

The Commencement exercises of the Frederic High School took place in the Opera House Saturday evening May 26th. The class march was played by Miss Emma Craven and to its notes the class of 1923 marched in consisting of Cecile and Ethel Munroe, and South and Robert Hunter.

The invocation was given by Rev. Jones of Gayling.

Salutatory—Robert Hunter. Song—Frederic Forever—High School Girls.

Class Legend—Cecile Munroe.

Honor Solo—Miss Mildred Corwin.

Class Vision—Hazel Smith.

Song—Call to Action—High School Girls.

Valutatory—For a High School—Ethel Munroe.

Song—Vocal Solo—Miss Emma Craven.

Address—Education—Frank E. Robinson of the commercial department of the Central Michigan Normal.

Presentation of Diplomas—C. S. Barber, Secretary of the Board of Education.

Song—America.

Benediction—Rev. Jones.

Each number on the program was rendered especially well. The members of the Senior class spoke with much credit to themselves and each one received a hearty applause.

Prof. Frank E. Robinson was certainly master of his subject and he received the highest appreciation of all who had the privilege of listening to him.

This program brought to a close another school year which passed very pleasantly. The Misses Cecile Munroe and Hazel Smith both received second grade certificates from one writing and Miss Ethel Munroe who has not had the six months experience in teaching received a third grade certificate. Robert Hunter was also qualified to take the examination but was not old enough to teach.

The Baccalaureate Address was given by Supt. John W. Payne, Sunday evening, May 20th in the Methodist Protestant church. The subject was taken from Isaiah 32-2.

TO THE VILLAGE TAX PAYER.

When it comes to the question of taxes it seems that the tax payers are inclined to blame the assessor for high taxes and as this is all wrong, and to throw light on the subject it is the aim of this letter.

First I must emphasize that the assessor has nothing to do with determining the amount of taxes to be spread, no more than any other tax payer in our village. This is a matter wholly in the hands of our council. At the proper time the finance committee of the council, which consists of three members of the council, determines upon the necessary amounts to be raised for the various funds and after the report has been rendered at the council meeting it is finally disposed of by the council. By so doing the assessor is instructed to spread the taxes thus set down.

There has been a rumor that the highest taxes ever levied in our village is about to come to pass. All inquiries I have promptly referred to our president, and those who are interested I will advise to be present at the next council meeting Monday June 4th, as this is the proper place to talk business.

Much misunderstanding could be avoided if tax payers would attend the meeting at the time when taxes are discussed. I think it would create a better feeling between council and tax payer, and as we are all interested in knowing how much money it will take to defray the expenses in the different departments, a visit to the meeting would be the proper thing.

If you are interested, be present at the next council meeting, next Monday night.

Jas. W. Sorenson, Assessor.

GRAYLING OBSERVES MEMORIAL DAY

CITIZENS BAND AND PATHOTIC ORGANIZATIONS ASSIST IN OBSERVING DAY.

Memorial Day activities began yesterday morning in Grayling, when at 8:30 o'clock service men began their services by going to Frederic cemetery to pay honor to comrades resting in that cemetery.

Prof. E. G. Clark blew taps. On their return to Grayling this organization headed by the band formed in line at the I. O. O. F. temple, marched up Cedar street to Michigan avenue and on to the cemeteries. Following the band came members of American Legion Post 106 and ex-service men, Alfred Hanson and Leo Jorgenson carried the colors and the emblem of the local post while William Hemmingson and Victor Peterson acted as color guards.

Sergeant Clarence Johnson, was in charge. At the cemeteries the graves of those who gave their lives in the World war were decorated with flowers and flags, while Russell Cripps, bugler, sounded taps.

At one o'clock headed by the band, the W. R. C. L. N. L. and the N. L. V. S. marched to the river where the former held their ritualistic services the children casting flowers into the stream to honor those who were buried at sea. They resumed their march back to the hall where the L. M. L. and N. L. V. S. carrying baskets of flowers and wreaths accompanied by the W. R. C. went in autos to the cemeteries where they decorated the graves of fallen heroes of not only the Civil war but of all the wars. The W. R. C. did their decorating at the cemetery the evening before.

A. C. Wilcox was the only veteran of the Civil war, who was able to be out to the services on Memorial day.

SUNDAY SCHOOL CONVENTION.

A county Sunday school convention was held in the Michelson Memorial church Monday.

In the afternoon Mrs. Morrison of Tamworth, Mich., gave an interesting talk on "The Methods of Primary Work." Also the following officers were elected to supervise the Sunday schools of the county:

President—Mrs. Charles Bender, Frederic.

Vice Pres.—Miss Margaret Nelson, Grayling.

Sec'y and Treas.—Miss Mary Alexander, Grayling.

Adult Work—Prof. C. M. Fuller, Young People's work—R. D. Bailey, Children's Work—Mrs. Etta Phelps, Grayling.

General Superintendent—Mrs. Joseph Simms, Lovells.

In the evening Mr. Mohr of New Buffalo, N. Y. spoke on "The Modern Sunday school." Also two reels of moving pictures were shown which was enjoyed by all present.

GRAYLING CHAPTER O. E. S. INSTALL OFFICERS.

Grayling Chapter O. E. S. held installation of officers Wednesday night. The following officers were duly installed for the ensuing year, Mrs. Bert A. Henkel, past matron acting as installing officer.

PROFITS IN FARMING

A Day in June.

(James Russell Lowell.)

What is so rare as a day in June?

Then, if ever, come perfect days.

Then Heaven tries the earth if it be in time.

And over it softly her warm ear lays.

Whether we look, or whether we listen,

We hear life murmur, or see it glisten;

Every clod feels a stir of might,

An instinct within it that reaches and towers;

And, groping blindly above it for light,

Climbs to a soul in grass and flowers.

The flush of life may well be seen

Thrilling back over hills and valleys;

The cowslip startles in meadows green;

The buttercup catches the sun in its chalice;

And there's never a leaf nor a blade too mean

To be some happy creature's palace.

The little bird sits at his door in the sun.

Attilike a blossom among the leaves,

And lets his illumined being o'er-run

With the deluge of summer it receives.

His mate feels the eggs beneath her wings,

And the heart in her dumb breast flutters and sings;

He sings to the wide world, and she to her nest;

In the nice ear of Nature which song is the best?

Apple Blossoms.

These beautiful creations are at their best this week. Every villager and every farmer should pause often, amid the hurry and the worry of life to enjoy them. There is a tonic to the whole being in their purity, fragrance and beauty.

It is encouraging to note the ice houses that farmers have put up and filled in response of the county agent's appeal last winter. This ice will come (Continued on last page.)

Mjchigan Happenings

Edward N. Hines, chairman of the Wayne County Board Commission, made public at River Rouge the results of traffic counts made one Sunday at the new bridges in West Jefferson avenue and Port street over the River Rouge. Between 7 a. m. and 9 p. m. 12,171 vehicles passed over the Jefferson avenue bridge, and only 6 were horse-drawn. Not one horse appeared in the procession of 12,751 vehicles over the Port street bridge during the same period. The statistics indicate also, Mr. Hines thinks, the effect the new bridges have on traffic.

As a crowning event of his twenty-fifth anniversary on entering the priesthood, two high honors, one from the church and the other military, were conferred upon Rev. Father Patrick R. Dunigan, pastor of St. Michael's Catholic church of Flint, and Red Arrow hero, at impressive ceremonies last week. More than 150 priests and nuns from all parts of Michigan attended mass at St. Michael's church, in the morning, at which time the Rt. Rev. Bishop Michael J. Gallagher, named Father Dunigan a monsignor.

The former home of many Methodist ministers at Munster, has been moved to a new location. The house has been in use since 1871. Among the ministers who have occupied the home are Dr. Floyd, missionary, Dr. William H. Phelps, editor of the Christian Advocate, Rev. F. H. Clapp, superintendent of the Albion district, and Dr. Ferguson, superintendent of the Grand Traverse district.

Flint defeated Detroit last week in the contest for the honor of entertaining the 1924 convention of the Grand Lodge, F. and A. M. of Michigan. The vehicle city was chosen at the closing session of the seventy-ninth annual convention at Kalamazoo. Charles A. Hurand, of Flint, deputy grand master, was moved up to the grand mastership to succeed Clark W. McKenzie, of Kalamazoo.

Alfred Charter, 73 years old, was burned to death in a fire that destroyed his home in Pontiac Township, just north of Pontiac. The fire is believed to have started from a kitchen stove. Four roomers escaped from the house uninjured, but Charter, who was deaf and did not hear their cries of alarm, was trapped in his room.

Major Joseph P. Vachon, who is temporarily attached to the Second Infantry at Camp Custer in connection with summer training camp duties, is to go to Chicago as instructor in the Illinois National Guard. An army order issued last week details him for his new duties upon completion of his work at Camp Custer.

Governor Groesbeck signed a bill providing for a one-man securities commission to become effective immediately. In the past this commission has been composed of the attorney general, banking commissioner, and commissioner of insurance together with an executive officer.

Lieut. Col. Orville G. Brown, medical corps, United States army, has been detailed to act as instructor of the medical division of the Third Army second division, National Guard, and will take his station at Detroit. He is now at Fort Belknap, D. C.

The third gift of \$500 from the same anonymous donor has been received by J. J. Bonneau, president of Calvin college, of Grand Rapids, for the \$1000 dormitory to be erected this summer. The gift swells the fund to \$8200.

Voters of the Adrian public school district defeated a proposal of the board of education to bond the district for \$50,000 for the erection and equipment of a new senior high school building by a 12 to 5 vote last week.

George Brown, former Bancroft resident, has returned from the West where he had spent 20 years in a vain search for his sister Mrs. Mabel Fox. Mrs. Fox moved west many years ago and Brown lost track of her.

The state administrative board last week decided to make another attempt to sell the old state office building in the heart of Lansing's business section. Bids will be received until June 12.

A ball pitched in the third inning of a City league baseball game on Northwestern high school field at Detroit last week, hit Joe Lan, 26 years old, on the head, fracturing his skull. He was taken to the hospital, where he died several hours afterward.

Willis Dunbar, of Hartford, was elected president of the Kalamazoo college student body by a large majority at the annual elections held last week.

Judge Joseph A. Moynihan, Detroit, state deputy, and all other state officers, were unanimously re-elected at the twenty-third annual convention of the Michigan State Council, Knights of Columbus, held at Mt. Clemens, last week.

The annual upper peninsula firemen's tournament will be held in Brownwood July 17, 18 and 19. Thirty-three towns and cities will be represented at the big meet most of which will send the old time running teams for the track events.

Michigan's own ferry for the carrying of automobiles across the Straits of Mackinac likely will be placed in operation this summer, possibly within a month. This was indicated when the State Administrative Board authorized Gov. Alex J. Groesbeck to proceed with the purchase of a steamship for the service. When the Legislature convened this year a bill was introduced providing for establishing a state ferry at the Straits. It went through with little or no opposition and is now a law. The state board also purchased a dock at St. Ignace.

Winging its way toward Chicago, the huge Brigette biplane which laid on South Fox island, disabled, in a relief expedition to starving lumbermen, more than a month ago, took off from a field at Traverse City last week. Pilot John Miller with Mechanic Edward Laporte and James Phelps, had been on the island several days installing a new motor and repairing the plane. Rising from its hazardous landing field on the island, the ship narrowly averted a second disaster when torn against a fence.

Charles Austin, charged with killing his former employer, Paul DeLisle, a wealthy cattle buyer, Dec. 10, 1921, by giving him a mixture of poison and whiskey, was acquitted by a jury in the Circuit Court, Flint, and his alleged accomplice, Clifford Thorpe, were convicted in their first trial and both had served more than a year in prison when the Supreme Court ordered a new trial.

Black bass are as plentiful this spring as in many seasons, according to Albert Stoll, Jr., secretary of the State Conservation Commission. With plenty of bass and more deer in the north woods than for the last 10 years, game conditions, at least as far as they concern the two chief game creatures, are favorable in Michigan. It is said.

First honors in the free-for-all writing contest at Western State Normal School last week went to Evelyn VanBlarcomb, of Battle Creek. The event was one of six for high school students of Michigan which was held under the auspices of the State Teachers Association. Records were broken in every event, but the first.

Injuries suffered two years ago when a gun accidentally exploded, are believed to have caused the death of Ernest M. Monnette, 27 years old, youngest member of DeMolai commandery, Knights Templar, of Battle Creek. His grandfather, Captain R. A. Kahler, is the second oldest Mason in the city.

A branch of the Isaac Walton League of America recently was organized under the auspices of the Albion Lodge, F. and A. M. Dr. Preston Bradley, professor of fishery at Chicago, will speak at a banquet of local sportsmen to be held prior to the opening of the fishing season, June 16.

Instructors in the Grand Rapids public schools will use the encampments of the Grand Army of the Republic and the Spanish-American war veterans for lessons in patriotism. That the children may attend the encampment parade, the schools will be closed the morning of June 7.

Mrs. Augustus Winchester, 85 years old, died at Grand Rapids last week. She and her husband had celebrated their sixty-second wedding anniversary and were the oldest pioneers living in the Grand Rapids township, Ontonagon county. They came to Grand Rapids 37 years ago.

The seventy-ninth annual convention of the grand lodge, F. & A. M. of Michigan was held at Kalamazoo last week. The three lodges of Kalamazoo, Flint, and Ann Arbor, were hosts to the visiting Masons. More than 1,000 delegates attended.

The largest pleasure yacht ever built on this Saginaw river was launched at the DeLoe steel shipyard at Bay City. The vessel is Windsor, and built for G. W. McEach, of Omaha. Her hull is of steel.

First prize in the Silliman oratorical contest of Albion college, open only to sophomores, was won by Dale Pittmore, Albion. Second prize went to Clarence Elliott, Pontiac.

Mrs. Susan Vincent, 72 years old, and Andrew J. Peterson, 73 years old, of Cadillac, both were stricken with apoplexy last week and died within an hour.

Johanna Reiser, 75 years old and Mrs. Emma Reiser, 72 years old, both pioneers of Monroe, died last week.

Detroit Central High School was awarded the first prize for the best weekly paper published by any school in Michigan at the meeting of the Michigan Inter-Scholastic Press Association which closed at Ann Arbor last week.

Eugene Menard, 60 years old, contractor, insurance man and life executor, was drowned last week near his summer home at Brassart Point, six miles from Sault Ste. Marie, when he fell out of a rowboat.

Governor Groesbeck vetoed the indeterminate sentence bill introduced in the house and passed by both branches of the last legislature. The bill provided that when a prisoner has served his minimum sentence, minus his "good time" he shall be released.

Mrs. Julia McVain, 80 years old, wealthiest resident of the village of Vicksburg, was found dead in the kitchen of her home, last week, after neighbors, failing to see her about the house, investigated.

TURKS TO FIRE ON ALLY SHIPS

WARN VESSELS NOT TO VIOLATE ORDER TO APPROACH COAST AFTER SUNDOWN

GREECE WANTS CLAIM SETTLED

Will Withdraw from Conference Unless Satisfaction Is Guaranteed

Constantinople—The Turkish government—Thursday officially notified the Allies that ships are prohibited from approaching the Turkish coast after sundown. The Turkish outposts are instructed to fire upon ships violating this order.

The Allies officially have informed the Turks that diplomatic representations have been made to Athens to prevent the Greeks from carrying out their threats.

However, the Turks do not expect great effects from the allied protest to Athens, remembering that the Greek leaders ignored the allied appeals to save the lives of the former ministers.

Lausanne M. Venizelos grimly notified the Allied delegates that Greece is withdrawing from the conference, resuming liberty of action, unless given satisfaction.

By liberty of action the Greek leader means the army will march upon eastern Thrace and Constantinople.

What the military government of Greece demands is that the Turkish claims of reparations on account of the devastation done during the Greek retreat in Anatolia be promptly withdrawn or cancelled against the Greek claims, and that this understanding be inscribed in the treaty before the conference continues further.

In face of the gathering war clouds the allied delegates at Lausanne have absolutely failed to reach a solution and the two opponents are further apart than ever before.

The question is now in the hands of the governments, who are putting pressure on Athens.

The conference has also practically broken down on four other major questions which remain to be settled. The Turks firmly refuse to give up the island of Constantinople to Italy, who refuses to make peace without getting the island.

RED DEATH WAVE SWEEPS RUHR

Communists' Outbreaks Spread Over Occupied Territory.

Gelsenkirchen, Germany—A red wave of terror-sweeping over the Ruhr with increasing fury Sunday had resulted in 25 killed, innumerable wounded and a huge property loss.

Strikes are spreading feverishly through Gelsenkirchen, Bachum, Dortmund and Essen the heart of Germany's industry.

Disorders are reported in increasing numbers in villages and towns throughout the Ruhr occupied by French forces.

Municipal authorities only succeeded in aggravating the situation with their small police and fire forces.

The force of defenders is too small to quell marauding bands who are stalking through the district looting stores and pillaging.

Deserted mine pits are flooding. It is estimated that more than 3,000 former workers are idle or have joined the Communists.

SOVIET YIELDS TO ULTIMATUM

Concedes Most Demands of British in Second Reply.

London Soviet Russia's second reply to the British ultimatum accepts the majority of the British demands and suggests the holding of a conference to consider points in dispute.

The Soviet expression of willingness to conclude forthwith an agreement granting British citizens the right to fish outside the three-mile limit of the Russian coast, ending settlement by an international convention of the dispute over the extent of territorial waters.

Diplomatic circles continue their attitude of extreme reserve regarding the ultimate outcome of the present controversy between Great Britain and Soviet Russia declaring the decision rests with Moscow.

In other quarters the predictions are about equally divided between a break and continuance of relations.

Falls Five Floors Uninjured. Philadelphia—Andrew Maxon, a lucky Swede. He dropped five stories in the Phoenix building last week, shook himself together and when found was rubbing his leg and looking dubiously at five feet of iron ventilator which he had ripped off in his fall. He is now in the country and probably imagined that he might be charged with malicious mischief. Andrew is 19 years old, tall, athletic and blond. He was employed as a widow washer.

Women Bravest in Facing Death. Long Beach, Cal.—Women face death more bravely than men, declared Albert Reese, beach guard, as he limbered up his arms and legs for another season of dragging drowning persons from the water. Reese recently was awarded the Congressional Medal of Honor. Reese, who has rescued 372 persons from death in the ocean depths during his 12 years of life saving here, says most men make rescue doubly hard by losing their heads and trying to drag their rescuer down with them.

JUDGE EDWIN B. PARKER

Washington—Judge Edwin B. Parker has been appointed by President Harding as umpire of the American-Canadian claims commission, succeeding Justice W. R. Day who resigned.

MEXICO PARLEY BINDS NATIONS

American Delegates Declare International Law Supreme.

Mexico City—Should the United States and Mexican delegates to the pre-recognition conference, which is in session here with the purpose of attempting to remove obstacles in the way of recognition of the Obregon administration by the United States, solve the problem, the agreement reached would be binding upon both the United States and Mexican governments.

Ramon Ross and Senor Gonzales Roca and Charles B. Warren and John Barton Payne act respectively as the personal representatives of President Obregon and President Harding and also bind both governments to observe any agreement which the delegates may reach.

The three main points developed during the first seven sessions of the mixed commission centered about the understandings reached at the conference last year in Washington by the Secretary of States Hughes and Adolfo de La Huerta, Mexican secretary of the treasury.

Those points were: Resumption of payments on foreign debt obligations; satisfactory indemnification for expropriated lands; and settlement of the petroleum controversy resulting from the alleged retroactive and confiscatory interpretations of article 27 of the Mexican constitution of 1917.

During the presentation of the case of the United States Mr. Warren insisted on the observance of the principles of international law over state and municipal legislation whenever the United States interests or rights are involved.

STATE ROAD CONTROL PASSES

Reorganization for Efficiency Ends Long Sway of Power.

Lansing The state highway department government into itself from the time it was created, and a state agency which last year spent \$220,000, lost supremacy over its own domain, and became a department of the state government.

Left without construction funds by the failure of the legislature to pass the Smith automobile weight tax bill, and his departmental appropriation of operating expenses made subject to supervisory control of the administrative board, Commissioner Frank Rogers gave up the long fight he had waged with the help of legislative friends to establish outside control and turned to an efficiency reorganization.

Effective July 1 the state accounting division, headed by Fred Perry, secretary of the administrative board, and C. A. Parker, will assume charge of the highway department's books.

Simultaneously, Harry H. Parlow, highway legal adviser, will step out and his work will be carried on by the attorney general's department henceforth.

Probably the most important change is that which brings the highway department accounting under closer supervision of other administrative officers.

There has been a feeling for months that the "overhead" of this department which involved legislative appropriations of \$1,600,000 for the two years, can be cut considerable.

Sews Up Wound in Heart.

New Orleans—Belle Smith, Negress, fought an apparently winning battle with death here last week, after physicians closed a stab wound in her heart with three stitches. When taken to the hospital here physicians said she had very little chance to recover. They removed a clot from her heart, sewed up the wound and injected a saline solution. The following day she was given a blood transfusion. She has gradually improved since the operation.

Recover Bodies from Snow Slide.

Danvers Four bodies were recovered last week from the snow slide which overwhelmed a crew of laborers clearing snow from the top of a shed on the Mount Hood road. The avalanche, starting high on top of the mountain struck the shed with terrific force and buried the entire party beneath tons of debris. The bodies, which were identified as those of Thomas J. Them, Pete Zarkoff, Alfred Anderson and J. P. Stewart, were found after workers worked all night removing the debris.

Items Of Interest in World's News

Shipping Board Plan New Boats. Washington—The United States shipping board contemplates the construction of two new ocean liners for trans-Atlantic service in conjunction with the Leviathan. It was learned last week. The ships will cost \$12,000,000 each.

Detroit Chosen A. A. A. Head. New York The twenty-first annual meeting of the American Automobile association last week closed its most successful season by electing Thomas P. Henry, of Detroit, president; Roy G. Hill, of Minneapolis, secretary, and William C. Kirby, of Chicago, treasurer.

Unveil Lincoln's Bust. New York—Busts of Abraham Lincoln, Ralph Waldo Emerson, Henry Ward Beecher, Alexander Hamilton, Ulysses S. Grant, Robert E. Lee, and Francis Elizabeth Willard, last week were unveiled in the Hall of Fame of New York university, bringing the total number of busts in the hall to 13.

Shipwrecked Forced To Fast. St. Johns, N. F.—A night of fasting was the lot of many of the 346 passengers and crew of the Canadian Pacific liner, Marvale, saved as the vessel went down on the southern coast of Newfoundland last week. The story of the rescue was brought here by the crew of a train that left the village of St. Shotts.

British Suffragist Dies.

London—The death is announced of Lady Constance Lytton, daughter of the first Earl of Lytton, and notable militant suffragist. She was born in 1869 but it was not until 1908 that she began to take part in the struggle for votes for women. Lady Constance was imprisoned four times for her militant activities.

Plans Non-stop Flight.

San Antonio, Tex.—Lieutenant Harrison G. Crocker, of Kelly Field, will hop off from Ellington field at Houston sometime this week for a non-stop flight from the Gulf to the Great Lakes. It was announced at Eighth corps area headquarters. The flight will end at Detroit. The trip is approximately 1,400 miles by air.

Confederate Vet. Dies.

Nashville, Tenn.—General Thomas Benton Smith, 85, commander of a brigade in the division of the Confederate army, of Tennessee, died at the Central Hospital for the Insane, near Nashville, where he has been an inmate for years as a result of a sabre cut on the head, received at the Battle of Nashville, December 16, 1864.

French Urged to Divide Germany.

Paris—The chamber of deputies was startled last week by the proposition, advanced by the radical Deputy Alfred Margue, that Germany be dismembered. The Ruhr occupation, Margue declared, would never prove profitable, and the only way to bring Germany to terms and assure French security would be to separate Prussia from the rest of Germany.

Free Meals Given Here.

New York—Captain Patrick Irving O'Hay, extraordinary adventurer and man of many occupations, who has survived many lean days in his 52 years, today faces an era of obesity. For the Society of Restaurants has presented him with a gold card which will permit him to eat without cost in any one of the organization's 200 restaurants in New York city.

Postal Thugs Sentenced.

Toledo—Edie J. O'Brien and James Colson, members of the gang of thugs who robbed the Toledo postoffice of more than \$1,000 a February of last year, were sentenced last week to serve 50 years each in the Atlanta penitentiary by Judge J. M. Killitts, in federal court here. All members of the gang, with the exception of Joe Urbaytis, alleged leader, have now been sentenced.

Britain Bows To U. S. on Debt.

Paris—Sir John Bradbury, British representative in the negotiations over the payment of the costs of the American army of occupation, is understood to have received instructions from London to withdraw from the agreement the clause to which the United States objects, and thus come into agreement with France and Belgium as to accepting the American draft without further change.

Calls Dog Names, Sued.

London—A dog might not have many rights in an English court, but when some editor goes so far as to call him a bandy-legged pup, that's a different story. That's just what a Manchester editor wrote about Peke, a dog owned by a Pekinese, and he was hauled into court as a defendant in a slander suit. It was proved that "Peke" had a good prize-winning set of underpinnings, and the editor lost the suit, it being settled outside court.

Asks To Be Arrested.

New York So fond are Gerry Smith, of Garrison, and Ward Dann of each other's company, it was disclosed when they were arraigned in court, that when Smith was locked up in Poughkeepsie, Dann voluntarily went to the police station and insisted that he be arrested too. He was accommodated and the two defendants held a mutual admiration party in jail. Smith is employed on a big contract to improve the New York Central Railroad near Garrison. He was arrested as disorderly.

Pah-Vant Valley in Utah Now Has a Railway

Another link of steel couples up the great West. The other day Gov. Charles R. Mabey of Utah drove the golden spike at Fillmore, Utah, which brings a new line of the Union Pacific to the famous Pah-Vant valley. The photograph shows the first train in at Fillmore. In overalls, in the foreground is Governor Mabey walking from the locomotive, on the pilot of which he rode to the end of the solid track, to the golden spike.

Commemorates War Work of the S. A.

St. Thomas Episcopal church in New York city has commemorated the war service of the Salvation Army with a wood carving on one of the misericords on the epistle side of the choir, representing the effective work done by the Salvation Army workers with the American soldiers in France. The center figure in the carving represents the Salvation Army leader with her two daughters on each side of her are "daughters" in posture of appreciation and gratitude. At the lower right-hand side are the tambourine, trumpet and Bible, and in the other corner a coffee pot with two cups and two plates.

FINE GIFT TO HARDING

Mrs. Emma Jonnecon, noted French-Rumanian artist of Rumania, called at the White House recently and presented President Harding with a book of Rumanian art. The book was compiled by the Queen of Rumania and Mrs. Jonnecon and is a very beautiful piece of art. The photograph shows Mrs. Jonnecon with the volume.

What She Says.

"Does your wife object to your playing golf on Sunday mornings?"
"Not at all. When I get out of bed at 7:30 o'clock she merely yawns and says: 'It's all right. I only wish you'd get up that cheerfully the Sunday mornings I want you to go to church.'"

Persistence Wins Success.

Little drops of water eventually wear away large stones. It isn't the water, but its keeping everlastingly at the job that finally produces results. Just so man's persistent effort continuously exerted ultimately brings him success.

Evil That Can Be Avoided.

Australians Bid for American Swim Coach

An Australian newspaper offers \$5,000 towards a fund to secure an American swimming coach to spend six months in that country to instruct swimmers there in the methods which have placed the United States at the top in aquatic.

Novel Way of Raising Funds for New Stadium

A centre college has adopted a novel way of raising funds for their new stadium at Danville, Ky. The structure will be concrete, and admirers of the Praying Colonels are asked to send their checks for as many barrels of cement as they care to purchase at \$3.15 a barrel.

Granites of Toronto to Play in Olympics

Canadian Olympic committee has named the Granites of Toronto, two winners of the Allan cup, emblematic of the amateur championship of Canada, to represent that country in ice hockey at the Olympic games in France next year.

PRACTICAL HINTS ON FIELDING FLY BALLS

Player Should Not Try to Time Flight so as Barely to Make the Catch.

(By CARL LUNDGREN, Baseball Coach, University of Illinois.)

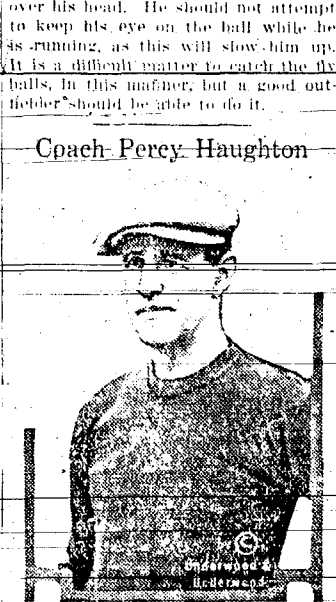

In fielding fly balls a player should get under the ball as fast as possible and should not try to time the flight so as barely to get to the ball. The reason for this is that if the man in question misjudges the direction and speed of the ball, if he gets there in plenty of time he will have an opportunity to shift to as still to get under it.

In catching fly balls, the fielders should learn to catch them with palms up or with the palms up and the thumbs together. The first is usually the safer method, but it is well to practice both.

The following points should be considered in catching fly balls: In running to the spot where the ball will fall, run with the arms at the side, sprinter fashion, as this is the best method of carrying the arms when running. That is, the hands should not be carried in front in a position of readiness for catching the ball while the fielder is running. When the ball hits the glove the fielder's hands should be relaxed and should give a little with the impact of the ball against the glove.

An outfielder should turn and run back as fast as he can to catch a ball over his head. He should not attempt to keep his eye on the ball while he is running, as this will slow him up. It is a difficult matter to catch the fly balls, in this manner, but a good outfielder should be able to do it.

Coach Percy Houghton

Percy Houghton, the famed football coach, who developed some of the greatest eleven that ever represented Harvard, has recently been appointed mentor of Columbia.

Galluses May Aid Impetus to Swats

The fact shouldn't be overlooked that Babe Ruth's batting record came about about the same time that Babe got rid of his galluses, as an article of wearing apparel.

Ruth discarded the customary buttoned shirt and his new suspender, he-maintains, were of material and in the reduction of his loincloth.

Many of the old-time British golfers still wear galluses on the links because they give more freedom of action than the belt. And, like Babe Ruth, they hit out many a home run.

Sammy Hale Is Star

Sammy Hale, the young third baseman for whom Connie Mack paid a big price, is coming up to expectations for the Athletics, batting hard and fielding brilliantly.

Bricks From Castor Beans.

By a recently discovered method the residue of castor oil beans can now be converted into serviceable tiles and bricks for building. Hitherto thousands of thousands of tons of residue, being of no value as a by-product for cattle, had been thrown away or used as fertilizer. By a process of compression the waste is now made up into tiles which are both light and tough, and have the added advantage of being warm to walk on. This quality of warmth gives it pronounced superiority over stone tiles, and the cost is scarcely greater than that of stone or inferior composition tiles. In appearance the new building material resembles polished stone.

From Crude— To Gasoline— To Miles

That is the part the Standard Oil Company (Indiana) plays in your domestic and commercial life.

To make gasoline is one thing—but to make the kind of gasoline that will give you the utmost of mileage is quite another.

To this end, the Standard Oil Company (Indiana) has invested millions by the score, in research, in laboratory equipment and in manufacturing facilities.

The result is

Red Crown

The High-Grade Gasoline

It is the best, the most efficient, the most economical gasoline you can buy—regardless of price.

It starts more easily; it gives your car a quicker get-away; a snappier, smoother acceleration; greater sustained pulling power; all the speed your engine is capable of developing, and the most miles per gallon.

It vaporizes to the last drop—there is no waste—year in, year out. If you use Red Crown you know—if you don't use it, try it today and you will be convinced.

To honor Miss Anne Walton of Detroit who has been visiting in Grayling, Mrs. A. E. Mason entertained with a small bridge party Saturday afternoon.

Hans Christenson reports a good attendance at his auction sale last Monday, everything on the place being sold. Mr. Christenson expects to go to Flint to take up his residence. Abby Ellis was the efficient auctioneer.

Mr. and Mrs. Fred Hanson entertained a number of relatives at dinner last evening in honor of Miss Anna Nelson of Grand Rapids, who is spending a couple of weeks in Grayling previous to leaving on a trip west.

Several of the members of the Sportsman's association responded to an invitation from the Sportsman's association at Gaylord to attend a banquet in that city last Friday evening. Those who attended report that it was a fine affair.

Mr. and Mrs. W. J. Heric are enjoying a visit from the latter's sister, Mrs. W. V. Smerman and little son Billy of Muskegon, also her younger sister, Miss Geraldine Neilson of East Tawas. They will remain for a week.

Ladies buy your dresses where you will have an expert fitter. So much depends on the fit of a garment. We now have a new line of Ratines, Tub Silk, Crepe de chine, Voiles and Gingham. Call early while the line is complete. Mrs. B. A. Cooley.

Mr. and Mrs. W. T. Simmons are driving a new Ford runabout. This is Mr. Simmons' first experience in driving and he tells us that the first time he was out he hauled back a big car. Mrs. Simmons is a daughter of Mrs. Jens Hanson of Beaver Creek, and recently came here from Idaho.

Fifteen ladies and gentlemen were guests of Dr. and Mrs. C. A. Canfield Thursday evening at a bridge dinner. The dinner was served on small tables scattered through the living and dining rooms. The evening was spent most enjoyable playing bridge. Mrs. Clarence Moritz and Alex. Mason holding the highest scores.

After holding their Memorial services yesterday forenoon, the American Legion stopped at the home of Dr. O. Palmer to pay that gentleman their respects. The Citizens Band rendered a patriotic air and Dr. Palmer came out upon his veranda and responded in a graceful manner. The veterans of the World war were greeting a veteran of the Civil war.

Claud Gilson has started the construction of a new cottage at the Gilson landing on the north end of Lake Margrethe. It will contain two bedrooms, kitchenette and living room. This will be for rental to resorts. Mr. Gilson expects to build four or five more during the season. This is one of the finest landings on Lake Margrethe and resort accommodations are in great demand.

Mr. and Mrs. Louis E. Adams, parents of Charles E. Adams of this city, arrived in Grayling last Sunday from Lansing to spend a few days with their son and family. Mr. and Mrs. Adams, who are both over 65 years of age are on their way to Alberta, Canada making the trip in a Ford with a Kamp trailer attached. They expect to make the entire trip this way. Mr. and Mrs. Adams have been in Lansing for the past three years and later expect to dispose of their homestead in Alberta. They will not return to Michigan but expect to go to California to reside.

Mrs. J. K. Hay returned Friday afternoon from Detroit where she has been visiting her daughter, Mrs. C. C. Westcott. While in Detroit, Mrs. Hayson together with a party of 25 other Graylingites, most of whom are now residents in Detroit, spent the day with Mr. and Mrs. Charles T. Jerome at their home in Pontiac. Mr. and Mrs. Jerome were for years popular citizens of Grayling and their friends know of their gracious hospitality and are well aware of the pleasant time the party must have enjoyed. Others in attendance from Grayling were Mrs. Marius Hanson and Mrs. Charles Tromble.

Farmers and others will be glad to know that the new John Schram blacksmith shop is now in operation and is ready to serve the public in everything needed in the blacksmith line. It is located in the old familiar place on Cedar street. Mr. Schram says that anyone coming to Grayling for blacksmith work may be sure to find the shop open and ready to serve them. This service has long been needed in Grayling, and now that we have it everyone should encourage its continuance by giving the place its business and encouraging others to do the same. Mr. Schram has been in the blacksmith and horse shoeing business for more than 20 years and here are few who equal him as a workman, and whatever he does is done first class.

The new T. W. Hanson industry, manufacturing planed lumber, and wholesaler and retail dealing in building supplies is now in active operation. There are now about 20 men employed and more will be added as the occasion may require. C. A. Peck of Reed City, is in charge of the operation as foreman. The new office building is about completed and is going to be convenient and comfortable. A gasoline locomotive has been installed for use in switching in these yards as well as in the yards of Salling Hanson company and the Kerry & Hanson flooring company. Mr. Hanson says that business is starting out well and looks fine for the future. This establishment is going to be a great convenience to builders who now will be able to get their entire supplies at one place—lumber, lath, sash, doors, windows, lime, cement, plaster and everything else required in the building line.

THE WEARY WAY.

Daily Becoming Less Wearisome to Many in Grayling.

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, This a weary way, indeed. Doan's Kidney Pills are especially for kidney trouble. Are endorsed by Grayling citizens.

Ask your neighbor! Mrs. W. H. Cowell, Maple St., Grayling, says: "Kidney trouble had me in a miserable condition. My back bothered me especially at night and I felt all tired out. When I stooped I was in misery on straightening and I always felt just as tired in the morning as I did when I went to bed the night before and often I saw black specks float before my eyes which made me dizzy. Severe headaches caused me many a distressful hour. My kidneys were in poor condition when I was advised to try Doan's Kidney Pills. I used several boxes and after taking them I felt fine. Thanks to Doan's." Price 60¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cowell had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

When Slicker Meets Slicker

Oh, Sweet Patootie!

Art of the Idyl

The idyl is the product of a consciously artistic stage of civilization. Even the simplest pastorals—much more the subtle elaboration of social and heroic themes—imply an effort on the part of the poet to return to nature, and by means of highly developed processes of art to emphasize such features as seem to him beautiful. The choral song and the primitive idyls are at one extreme of poetic

art. They exist for natural expression and not adornment. At the other extreme is the idyl, which exists for adornment and minute detail and for personal expression of the mood with which the poet has invented nature.—C. M. Gayley.

British Grenadiers: Until they were a mile within the German lines a company of English Grenadier guards under Captain Pryce held out against the German advance on the Ays in April, 1918.

The enemy brought up field guns to pointblank range and flattened out the trenches. The survivors of the company stood back to back shooting both ways. At six in the evening 15 men were left. At Captain Pryce's orders these 15 men charged with their bayonets at the Germans 80 yards away. There were no British survivors except a corporal, who owed his life to accidentally falling into a ditch. The story is told in "Sir Douglas Haig's Command" by one of his staff officers.

Vacation Outfits for Girls;

Finery for Littlest Maids

VACATION days are dawning and many young heads are full of a number of things besides algebra and Latin exams. Come what will of these, there is joy—not to speak of consolation—ahead of the young person who is looking forward to going somewhere when school is out. The chances are that her mind strays oftener to her summer outfit of clothes; she would not be a regular girl if these did not give her much concern.

The arbiters of fashion have been kind to the young girl. She is to be arrayed in gay frocks of flowered or

figured crepe, in feather, voile or organdie. There are lovely combinations of plain and figured patterns and organdie is a favored combination in new colors and trimmings for all fabrics. She may choose crisp taffeta, or the dainty drop-stitch voiles, as well as organdie for her prettiest dresses and there are endless, fascinating color combinations.

No vacation outfit is all that it might be without a regulation bloomer and middy suit. Every day in every way these suits are more and more in demand. For all kinds of sports the

young girl takes advantage of their trim style and convenience. A treasure chest full of enchanting clothes for the littlest girls awaits the coming of mid-summer. Adoring mothers and aunts are glimpsing its contents and shopping about, determined that the most beautiful of all little girls shall be outfitted as becomes her loveliness.

The collection includes many little everyday frocks, for play, with knick-

Bloused Coat. The bloused coat is popular, but it is an excellent style for the short woman to avoid. Loose, unbuttoned coats with straight lines are a much better choice for the woman who is short on inches.

Felt Hats. One of the smartest shops in New York is showing felt hats entirely for spring. They are trimmed with gay flowers, ribbon bows and colorful fruits. For the most part they are small cloche shapes.

Abbreviated Capes.

The very short cape reaching sometimes a trifle below the waistline, but usually stopping an inch or so above, is fashionable this spring. The cape usually is a part of the costume, however, and rarely removed.

Stylish Sleeves.

Sleeves can't be too long these days. When they have gone as far as they dare with the material they are quite apt to add frills of lace or chiffon. The other extreme, of course, is to eliminate the sleeve entirely.

EXPECT BIG CROPS

Conditions in Western Canada Please Farmers.

Seeding Has Been Begun Earlier Than for Many Years, and Soil is in Perfect Shape.

With weather conditions highly favorable, the farmers of Western Canada, with the exception probably of a portion of Manitoba, have completed seeding from ten to fifteen days earlier than for some years past. In some parts of Manitoba there were floods which delayed seeding, but they have abated, and left the land in good shape for quick work and speedy germination. In Saskatchewan soil conditions for seeding were never better. With a generous quantity of snow, which after melting left needed moisture, and another snowstorm after seeding was finished, there was an ideal condition created. From all parts of Alberta there came the best of reports as to rainfall and snow moisture, leaving the ground in the condition required for the prospects of a good crop.

Spring, as in most other parts of the continent, was backward, but notwithstanding this, as has been said, farmers were able to get on the land earlier than for some years. In fact, seeding was practically commenced about the 12th of April, which to many readers may seem remarkable, when it is known that several hundred miles farther south it was not possible to do spring seeding for several days later. Reports to hand on the 10th of May state that wheat is up above the ground in a great many places, oats are being sown, and corn planted. Farm labor was scarce for awhile, but the demand has fallen off. One feature of the demand for farm help is that farmers are now employing help by the year, at of course smaller wages than those paid for special work. The increasing tendency to employ help by the year is evidence that farmers are not relying solely upon wheat growing, but are going out into other branches, such as dairying, stock raising, etc. The prospects in all portions of Western Canada were never brighter than at present. Information regarding the condition of the crops at any time will be sent on request made to any Canadian government agent.—Advertisement.

It Was Just the Hat. An employee in the bond department of an Indianapolis bank had been shopping tirelessly for a spring hat. One by one the offending clerk brought forth her wares, and each was rejected. Finally she appeared, smiling, with a small black toque. "This, I think, is just what you are looking for," she said. "It is," replied the weary customer, "just what you are looking for," she said. "But where is the handling and bag of crackers that were with it?" "It was the customer's own hat," she said, "but she had left it on a showcase when she entered the store a half hour before."

WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease. If the kidneys are not in a healthy condition, they may cause the other organs to become diseased. Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble. Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions. Get a medium or large size bottle immediately from any drug store. However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Advertisement.

A Palace of Kings. The Escorial, often termed the eighth wonder of the world, is a palace of the Spanish kings 25 miles from Madrid. It has cost about \$50,000,000. It is in the form of a gridiron and contains many art treasures.

Don't overlook the smallest opportunity. It will grow.

Human Nature. "It is rather odd," remarked the philosopher, "that in the street car, 'how some people object to a little fresh air.' At this very minute, there are many more people in this car than there should be, and as a result the air is badly vitiated, and besides it is warm outside. Yet when I tried to open this window a bit ago a flapper back of me, who was wearing a fur coat, and stockings as thin as a husband's excuse, bowed me out as a 'fresh air crank,' and I had to close it. There is nothing funnier than human nature."

Headaches Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication. Nujol is a lubricant—not a medicine or laxative—so cannot grip. Try it today.

MAN'S BEST AGE

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with LATHROP'S GOLD MEDAL HAARLEM OIL CAPSULES.

TODAY I AM REAL WELL

So Writes Woman After
Taking Lydia E. Pinkham's
Vegetable Compound

Jamestown, N. Y.—"I was nervous, easily excited and discouraged and had no ambition. Part of the time I was not able to sit up as I suffered with pains in my back and with weakness. I took Lydia E. Pinkham's Vegetable Compound, both the liquid and tablet forms, and used Lydia E. Pinkham's Sanative Wash for inflammation. Today I am real well, and I can do the work. I recommend your medicine to every woman who complains, and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. ALICE D. DAVIS, 203 W. Second St., Jamestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, backache, lack of ambition and general weakness. Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

Efficient Baptism

In the middle of the night—which expression is used to denote a time well after midnight—the small child of the celebrated Washington became ill. He telephoned for doctors, but to no avail, he said. As the child grew worse, in despair he went upstairs and rang the bell of the apartment of a retired clerk of one of the government departments.

The lady answered the bell, and was told that the child was dying—would she come and baptize it?

The woman went down with the father, and there, at two o'clock in the morning, the colored infant was baptized. Undoubtedly it was the most unusual rite of its kind performed in the national capital in a long time.

Yes, the baby got well.—Washington Star.

Some People Are Always Tired

They allow themselves to get run down in health and go on from day to day without realizing the seriousness of their condition. And they wonder why they are weak and listless.

If you are run down, start to take a food medicine immediately. Father John's Medicine will help you to build new strength and energy.

For over 68 years Father John's Medicine has been building new health for those who are run down. All pure food. Start taking it today.

Eliminates Rattling.

Stammering and rattling doors are simply eliminated by means of a small pneumatic cushion, described and illustrated in Popular Mechanics Magazine. The device consists of an angular piece of metal with a hollow hemisphere of rubber inserted in the larger side lying against the door jamb and a smaller similarly shaped piece in the other side which projects at right angles to the jamb. The air inside the spherical rubber pieces deadens the force of the impact.

CHAPTER XV—Continued.

"My name's Keith, Wilson Keith," said the other. "I'm a mining promoter. Pimms had agreed to sell me his interest in certain claims which showed well in assay reports. They alone were sufficient to interest me. When he wired me the news of the general strike, the prospect of development opened and I came on. You seem to have blocked the deal. However, I suppose Pimms can be located later. Have you any idea where he might be found?"

"It wouldn't do you one mite of good," said Sandy. "Pimms didn't own those claims. Didn't have an interest in 'em. Tried to jump 'em, an' did the jumpin' himself. I heard some eastern folk had been samplin' 'em an' I saw some signs up on the Casey claims. 'Twas the claims Pimms tried to sell you, I reckon, for cash, figgerin' on the deal givin' through quick. He 'lowed he'd grabbed Casey, which was a plumb lie. Pimms's got nothin' to prove his end. From now on he won't try to. The claims belong to Molly Casey, the same bein' my legal ward."

"Ah!" Wilson Keith's eyes grew keen and cold. "Have you any interest in them yourself, Mr. Bourke?"

"Me-an' my two partners of the Three Star ranch own one-half interest, equal with Molly," said Sandy easily. His eyes matched those of the promoter and held them for a second or two.

The thought passed through Keith's mind that Sandy's interest, and that of his partners, might have been obtained from the girl under false pretenses, but he was very far from a fool, and among the things he saw in Sandy's eyes, it was clearly written that there was a man who was both honest and absolutely honest.

"He had not seen my sister," said Sandy. "I'll be glad to talk with you later."

"Just now I'm ragged. Any place to eat? And does the camp get up early or just go to bed late?"

The remark raised a laugh in the crowd, now milling good-naturedly about the machine.

Sandy recommended Simpson's and pointed it out. Keith, the man with him, his secretary, and the chauffeur, got out and walked stiff-legged to their coffee.

Sandy introduced Sam as his partner. Westlake as a mining engineer and assayer. Keith gave Westlake a shrewd appraising glance, and a nod.

"I'm no shrewd myself to talk business," said Sandy. "My two partners are in the same boat. So if you'll want to look over the camp and the Molly Keith, talk business with any one you find away from within. I'll probably see you later, tonight. You know where the claims are."

Keith stood for a moment in the door of Simpson's, looking after Sandy.

"A fairer stick article, the man with the two guns, Blake," he said to his secretary. "But he's straight."

"That mighty hard to bend," added Blake with a grin.

"There were only a few old-timers in the crowd, Blake," said Keith. "A heap of people hear of a gold rush and think it's always a Tom Tiddler's ground, like washing out the rich sands of Nome. They'll be glad to sell and take shares for cash."

"Ought to change the name of the camp," suggested Blake. "Dynamite is known as an exploded prospect."

"Thought of that," said Keith. "How about Casey Town, after the original discoverer, who always believed in the place, but lacked the money for development and wouldn't take in a partner? Picturesque and good stuff for the prospectors. You might send out some stuff about that, Blake, work in this. Sandy Bourke and Pimms's affair. Good, lively publicity stuff, we can use again later on. Remember of Casey's daughter. Wonder where she is?"

He lapsed into silence, swallowing his coffee in gulps.

Sandy and his companions found Mormon asleep on the Bailey claims. Miranda brewed coffee, and they told her the news of Pimms's and the arrival of Keith.

"It's too bad you didn't run Pimms out of the county, or the state," remarked the splinter. "If that man Keith wants to buy my claims I'm willing to sell. Minkin' is more in my line than mine. I've decided."

"Let's hold on a while before we turn out," said Sandy. "Westlake, what do you know about Keith? Anything?"

"I've heard of him. I imagine he started out as a promoter rather than a developer. He has made some lucky strikes. There is no doubt but that he can float this proposition on a large scale, induce others to put money into it. He'll put the camp on a working basis. If the gold's here that will be a sound one. There is no doubt in my mind that Patrick Casey picked the best side of the gulch. The indications are in sight there. I would say sell these for cash, holding out on price until Keith refuses to offer more. He'll come back for a final bid. But let him organize with your claims. Those claims are the big bet of this camp, and he knows it."

"Fifty-one per cent. an' the name's Molly Casey, then," said Sandy. "What's more, you're to be consulting engineer of whatever they call the fat job. Westlake, I'm dave to you. Sam, let's shack over to our claims."

Sandy, Sam and Mormon returned to the Three Star with the papers drawn and signed and the shares of stock issued that gave 20 per cent of the Molly property to her and 25 to the three partners.

Keith returned to New York with his 40 per cent to weave his plans for the full development of the claims he had acquired.

He had the capital and was willing to put it into developing the Molly mine, if necessary, but it was a business principle of his never to use his own money when he could get hold of someone else's. He had turned his eyes toward old late, scented quick turns, and this took money. His

wife took more; his son, just out of college, took all he could get.

Mrs. Keith, he decided, should look Molly up at her school, take her into the Keith home on vacations, introduce her into the social whirl.

The right newspaper men would see her; meet her, get the story from Blake of her romantic childhood, with photographs of the Western belle in the Park on Horseshoe. Moreover, she could be introduced to the right people, that was Mrs. Keith's end of it.

Then would come the prospectuses, with these extracts of the best paragraphs, tied up with views of Casey Town, with engineers' reports, with a masterpiece of romance and fiction, peppered with fact. The whole to be titled "White Gold."

Blake submitted his clever campaign, worthy of better things, and Keith approved of it. That the partners of the Three Star as fifty-one per cent owners, of Molly Casey herself with them, should be consulted or informed, never entered his head.

Blake's campaign was carried out most successfully. Mrs. Keith descended overwhelmingly upon Molly at her school, chauffeur and footman on the driving seat of her luxurious sedan; gazed a little when she saw that Molly was a beauty, could be made an unusual one with the right dressing, the right setting.

Her brain, which was keen enough in business matters, told her that she could improve her husband's program of using Molly as an attraction to bring investors to the Keith residence. It might be a good thing—Mrs. Keith was quick at dealing with the future.

If her son, Donald, fell in love with the girl, the heiress. She wrote to the Three Star ranch, to Sandy Bourke, guardian of Molly Casey, without Molly's knowledge. Sandy read the letter aloud to his partners.

"Dear Mr. Bourke: I feel that I should write this letter to you although I have never met you, rather than my husband, since the question is one that a woman can handle better than a man—that only a woman can understand and appreciate."

"I have seen you Molly and she has entirely captured me. She is really wonderful, with wonderful possibilities. I want to take her into my home. Mr. Bourke, I think she feels the need of the companionship and advice of an older woman, rather than that of the girls at the school."

"I wish I could talk with you personally about this. Letters are such inadequate things. But I know, from Mr. Keith, that you have her interests at heart, and so have I. I shall endeavor to have her with me, and I feel confident from what I have seen of her, that she will be happier in a home, with some one who, however poorly, may take the place of the mother she must have missed all these years."

"Let me hear from you soon. If my health and other matters permit, I must try to come out with Molly before very long. Mr. Keith has seen this letter and approves of my suggestion to have Molly with us."

"Most sincerely yours,"

"ELIZABETH VERNON KEITH."

It was a clever letter. There were several touches about it that almost amounted to genius. The mother said:

General principles

"Speakin' wide, the weddin' cake of matrimony has been mostly mildewed for me," said Mormon reflectively. "but I've allus had an affinity for the sex. I ain't like Sandy. Nature give him an instinct ag'in 'em, as pardners. He was bo'n lucky."

But Sandy had gone out. Sam and Mormon trailed him and saw him walking toward the cottonwood grove with Grit at his heels.

"He thinks a heap of Molly," opined Sam. "I reckon he sure hates to lose her. If he is woman-shy, 'course Molly was just a kid. But I don't fancy she'll take the back-trail once she gets mixed up with the Keith outfit."

"I ain't so plumb sure of that," returned Mormon. "Molly's been an' bered with the West in her blood. She'll allus hear the call of the prairie, like a colt that's stepped wild. He'll drink at the tank, but he ain't for gettin' the water-hole."

Sandy, under the cottonwoods where the spring bubbled, so near the old prospector's grave that perhaps the old miner-king there could, in his new activities with Nature, hear his flow, was thinking much the same thing. Mormon had expressed hope it might be true, chiding himself lest the thought be selfish.

Memories of Molly flickered across the screen of his mind. Molly beside her father by the broken wagon, climbing to get the curious blossom for his aunt; Molly at the grave; Molly giving him the gold piece; the wild ride across the pass and the race for the train and a recollection that was freshest of all, one he had not mentioned to his partners; the touch of Molly's lips on his as he had laid her gently.

The kiss had not been that of a child, there had been a gleam in it that had thrilled some chord in Sandy that still responded to that remembrance.

Miranda, alone in the driver, a new car of her own, bought with money paid by Keith for her claim, was at the ranch house when Sandy returned. Miranda and young Ed Bailey, accompanied by Westlake's driver, had sold for cash, getting fifteen thousand dollars to divide between them, refusing more glittering offers of stock. It was a windfall well worth their endeavor and they were amply satisfied. Young Ed had promptly gone to agricultural college. Miranda, Mormon and Sam were talking about this when Sandy came up.

"It sure made a man of young Ed overnight," said the splinter. "He thought it out all by himself an' 'tch surprised us—off our toes. We're plumb proud of him."

"Mr. Westlake was over day before yesterday," said Sam. "He says things he bound up to Casey Town. He's been sure a colt strikes, one of 'em that ain't no more to come. Keith's goin' to start things whartin' I reckon."

"Mebbe he'll see Molly," suggested Sam. "Thought of course she ain't to Keith's house yet."

"How's that?" asked the splinter eagerly.

"We are waitin' for Sandy to show you the letter," said Sam.

Miranda read the letter through twice, folded it and held it in her lap for a few moments. Then:

"I don't rightly get the motive back of this writin'. It ain't been sent without one. Mebbe she's just taken a fancy to Molly, mebbe she's a woman that likes to do kind things and thinks Molly'll pay well for bein' taken up. I don't mean in money, but if Molly didn't have a show of bein' rich, an' wasn't pretty, which she is, I ain't certain Mrs. Keith 'd be so eager. I guess it's all right, but, somehow, it don't hit me as plumb sincere."

"You'd vote ag'in it?" asked Sandy. "No-o, I wouldn't."

"I reckoned on puttin' it up to Molly," said Sam. "That's a good idee. An' as her guardian, Ed, suggest that Mrs. Keith lives up to that half-promise of hers an' make it a condition she brings Molly out here inside of six months. That'll give time for a fair trial an' you can see right then for yourself how it works."

"That's a plumb fine idee," said Mormon, looking plumbphidly at his partners.

It ran with Sandy's own wishes and he subscribed to it. Sam endorsed it as well, and a letter was sent east that night, containing the provision of Molly's return and another that Molly should bear all her own expenses of tuition and living. All this to hang upon Molly's own desire to make the change.

When Molly's letter came there appeared no doubt as to her willingness. She admitted that she had been sometimes "lonesome" at the school.

After that Molly's letters were prime events at the Three Star. She wrote every week telling of life at the Keiths. Miranda made up the letters.

quartet to read them. Molly wrote:

"It is full of excitement, this life at the Keiths, and they are just lovely to me. There is a lot of company always at the house and everyone seems to be enjoying himself, but somehow it strikes me as not quite real. I want to be back where nobody pretends."

"I'd give anything, sometimes, for a good gallop through the redtop and sage and rabbit-bush on my pony."

There was more talk of dinners and dances, of receptions and then, with mention of Donald Keith here and there, that of new clothes, kind words for the older Keiths. "Don't think I've changed," she said. "I'm the same Molly underneath even if I have been revamped and decorated."

The famous White Gold prospectuses and advertisements duly followed the news stories. Casey Town boomed with some bona-fide strikes that sent Keith's stocks soaring high. The porphyry dyke at the Molly mine began to yield rich results almost from the first, and dividends were paid in such quantities as to stagger the Three Star outfit, who saw them.

FARM BUREAU NOTES.

(Continued from first page.)
in very handy with the dairy business this summer.

Many farmers voluntarily deprive themselves of many things that would add to comfort, beauty, convenience and profit just because they don't make a start and get them. Such farmers are not too busy. They simply don't "get at it." A man can cure himself of the "put it off" habit if he wants to.

Two Fine Heifers.
Mr. Henry Heidmann, of Lyon Manor, has bought the two beautiful heifer calves grown on the Adam Gierke farm.

Pleasant Valley Farm.
The fine farm home of Mr. and Mrs. John A. Love, Beaver Creek Township, will be graced by a new name board, over the gate, bearing this attractive legend: "Pleasant Valley Farm—John A. Love, Proprietor."

It is encouraging to see the increase in the practice of naming the farm. Who will report next? It's a mistake to put off selection of a name because the place is not fixed up as good as the owner would like. Name the farmstead with a pleasant, appropriate name; then, work up to your ideals.

In my office I have a list of hundreds of good names. Drop in and select one.

Most Profitable Acre.

Still time to prepare and to plant a big garden. Every farm should have one acre devoted to garden. It is the most profitable acre on the farm. Don't stick it full of fruit trees. Have an orchard in one place; a garden in another. Orange it so that much of the cultivating can be done with a horse to be finished up with a wheel hoe. Best shape for an acre farm garden is 8 by 20 rods—a long, slim garden.

Brighten up with flowers—poppies, bachelor button, mignonette, candy-tuft, pink, sweet william, nasturtium, but all in one bed. Scatter them throughout the garden.

Remembrance.

When the children have grown up and their feet have wandered far away, they will remember—how large the old home farm was, how rich or poor father was, but the kindness, the thoughtful, considerate training received, the swing, the play house, the pets, the beauty, the grassy lawn, the trees, the flowers, the good things to read through winter evenings.

What thoughtful man would deprive his children of such a heritage—the heritage of a clean, manly, father, a charming home, books, beauty, mental and spiritual outlook?

A Message To You.

This week every farmer in the county will receive from me a postal card urging him to grow more food than usual in order that more food may be kept this winter to furnish the groceries; and that double the members of cows may be kept to furnish the dependable weekly income. Why should a farmer put in the winter tossing a little corn to a few hens that do not lay, and in barely keeping alive three wretched, shivering, small-yielding cows, and all the time grumbling that the farm does not pay.

Bigger Business.

A small mill would not pay if it only log only now and then. A factory would not pay if it produced a plow, a car, or a stove only occasionally. They prosper on volume of business. Every day I meet a farmer who accuses his failure to keep his cows to amount to anything but a loss. He says that he has no place to keep them or the feed for them. He says that he has no buildings in the same way that he got those he now has.

It would be better to put up ahead of time poles, well chinked, and with a small hay, than to go and build a barn.

put it off. Before close of business on Saturday, June 2, I am going to select the winner.

The Receipts.

All were warned that receipts for butter, eggs and cream sold would be the basis on which the winner would be selected; so, nothing but receipts will count.

The Prizes.
For selling the greatest amount of butter, or its equivalent in cream, Mr. Carl Peterson, Grayling, a jeweler, will give thirty pounds of the best Grimm Alfalfa seed.

For selling the greatest amount of eggs, Mr. Marius Hanson, of the Bank of Grayling will give twenty pounds of the best Grimm Alfalfa seed. Be on hand with receipts this week Saturday.

What to Grow.

Plant double the usual acreage of corn.

Plant several acres of soy beans for hay, which is a splendid for cows—nearly equal to alfalfa.

Don't feed cows straw and marsh hay next winter. If you have heavy ground, raise a crop of millet. Jens Hanson found a mixture of soy beans and millet to be very eagerly eaten by cows.

Vetch and oats make good hay. A piece of oats could be still put in for hay.

Grow an abundance of feeds and have a comfortable income from your cows—Plan to grow these three grains for your hens—wheat, corn, and wheat, and furnish the groceries the year around from your well-fed hens.

Know Your Bugs.
San Jose scale, aphids (lice) eating most, etc., at caterpillar, curculionids, etc., are troubling your trees, killing limbs, or the whole tree, and blighting the fruit, or spoiling your shrubbery.

I secured 250 neat little spray charts, to give away. They are going fast. They show plainly just what spray stuff to put on, and when and how to get it on. Better ask for one of these charts, find out what is troubling your trees, vines and shrubs, and know how to cure them.

George Did It.

There has been a great deal of discussion as to "Let George do it." Well, George has done it. We have been right all along. It was George who got the Ammonium Sulphate so valuable as a fertilizer for garden, lawns, trees and shrubs. Professor L. R. Taft praised ammonium sulphate very highly for the above purposes when he spoke here recently. Now, Mr. George Burke has laid in a ton of this valuable fertilizer, which he sells at a very reasonable rate. This ought to be a very timely tonic up. Let's pick up Mr. Burke's enterprising spirit.

Our Country.

By the time these notes reach you, Memorial Day, May 30, will have come and gone. This day should mean more than a holiday for a ball game. It is in memory of those who died that this country might live. How fortunate it would be for our land if, in every home, the young might hear, not sneers at the courts, sneers at Legislatures and Congress, sympathy with or sympathy for moonshiners and bootleggers, or delight in seeing these gross violators of the Constitution of the United States evade the law—how fortunate for our land if, instead, our youth could hear from parents' frequent, hearty utterances of thankfulness for health and home, for peace, for hope, for opportunity, for freedom, for unity, for the beauty that is all around us!

How fortunate for the land when youth shall hear from parents, lips frequent admonitions to be law-abiding; frequent explanations of outstanding points in the Declaration of Independence and in the Constitution of the United States; frequent lessons at home in good citizenship; frequent reminders of great sacrifices made by Washington and others to establish this Republic; by millions in the World War that right and not might should prevail!

Let every child be frequently instructed by parents in the great cost of the many blessings that we have. Let every child be instructed by parents to so live that, in the words of our immortal Lincoln, "These dead shall not have died in vain that this

nation, under God, shall have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth."

April set a new sales record for the month, just as has every other month this year, and was the thirteenth consecutive month in which sales have run over the 100,000 mark.

Sales during April totaled 165,582 Ford Cars and Trucks, 50,000 more than were delivered in the same month last year when 115,282 retail deliveries were made.

During the same week ending May 5, the Lincoln division of the Ford Motor Company produced 176 Lincoln cars.

GRAY CAR WON ECONOMY TEST

EVENT AT ROCKPORT ON HOLIDAY PROVED INTERESTING AMONG TWELVE ENTRIES

The economy test for automobiles held by Pierce N. Hodgkins at Rockport on Thursday proved interesting, brought out many people and 12 entries, Gray, Oldsmobile, Willys-Knight, Buick four and six cylinder models, Briggs, Overland, and Chevrolet machines. The test was won by a Gray car driven by Lester Greenwood.

The 12 entries were as follows, being given in the order in which they finished and distance covered: Gray 1922 Model—Lester Greenwood, 8.3 miles.

Willys-Knight touring 1922 model—George E. Silva, 7.9 miles. Oldsmobile four roadster, 1922 model—Edward Bailey, 6.8 miles. Dodge touring 1921 model—Harold B. Webber, 6.7 miles.

Driggs 1922 model touring—M. P. Vicasovich, 6.6 miles. Overland touring, 1920 model—Roy Day, 6.1 miles.

Buick four cylinder, 1922 model—Charles Jensen, 5.9 miles. Willys-Knight coupe, 1921 model—Harris K. Lyle, 5.7 miles.

Willys-Knight touring, 1922 model—Bradley Hodgkins, 5.6 miles. Buick six cylinder, 1922 model—James Reed, 4.7 miles.

Dodge touring, 1917 model—Russell Davis, 4.6 miles.

The latter car had trouble in gasoline feeding and did not get the entire consumption of gas.

Chrysler touring—Hendolph Anderson, 3.7 miles, also had gas trouble.

The cars were started at the Rockport station and Maine station at noon and started for Gloucester by way of Pigeon Cove and Lanesville. All the gasoline was drawn out of the cars at a quart put in each car. Mr. Greenwood reached the Addison Gilbert Hospital with his Gray. The second car got as far as Riverdale monument, and the third reached Annisquam Willows.

The gas measurements were also taken and the cars were acknowledged by the chauffeurs before starting. A notice of a tire was given to Mr. Greenwood and a special prize was awarded to Mr. Silva. The weight of the Gray was approximately 1500 pounds and the second car was about 4000 pounds.

A Gray stock car holds the world's official economy record of 39.3 miles per gallon, made on a transcontinental trip from San Francisco to New York, under sanction of the American Automobile Association.

Gray cars are repeating this performance every day in the hands of satisfied owners.—Advertisement.
